ABOUT THIS EVENT

How to Launch Your Teen into Career and Life Success

Juliet Murphy, MBA, MA, a leading Career Coach in Orange County and Los Angeles, will discuss TEEN CAREER SUCCESS: How to Launch Your Teen into Career and Life Success Using a Foundation of T.R.U.S.T.: Teamwork, Respect, Understanding, Support, and Trust. The system actively engages parents and students in the career decision making process while strengthening their relationship. Juliet developed the T.R.U.S.T. system after helping many concerned parents and disappointed college graduates who did not want to work in their major, discover the career that was best for them.
